

# The Paul Rabil Foundation

*Shaping lives through sports.*

The Paul Rabil Foundation (PRF) is extremely grateful for everyone who has donated to support our mission of helping students with learning differences, especially during these difficult times. This year alone we have raised \$60,000 in scholarships for our educational partner schools this upcoming school year. This would not have been possible without our dedicated corporate-level sponsors and donors who have gone above and beyond to support us.

Our foundation strives to provide as many scholarships to students with learning differences to help aid their learning. Since the inception of the PRF in 2011, over \$625,000 in micro-grant scholarships and lacrosse equipment has been donated to partnered schools having a profound impact both on students and schools. The generosity from donors have allowed the PRF to help 165 students across New York, Washington, DC, Maryland, Virginia, and Massachusetts.

To show our gratitude for the significant contributions made so far this year, we are excited to announce that we will be honoring a portion of our scholarships after certain sponsors and donors. The 2020-2021 scholarships will be named after those who have generously donated at least \$10,000 to our foundation. We feel that this enables us to acknowledge both the donor and the recipients in a much more meaningful way.

Thank you again to all of our generous supporters who have helped make our mission possible. It is because of you that the PRF is able to provide the educational resources to the children who need it most.

For more information on how to donate and get involved with the PRF to make an impact in the learning differences community, see our [list of sponsorship opportunities](#) still available.
